THIS SLAUGHTER MUST NOT GO UNPUNISHED!

Don't let the Controlled Media in America continue to cover up this horrible crime!

From the desk of Michael Collins Piper

Dear Friend of AFP:

You didn't read about this in your daily newspaper or hear about it on television, but it's the biggest story of the year. Indeed, it's the biggest story since the Nazis ran the Gaza Strip. An unarmed gathering of 1,400 Christian and Muslim children – and ruthlessly killed many of the animals, shooting them at POINT-BLANK range.

No, the animals weren't "innocent bystanders" caught in the crossfire. Instead, these sadists – whose leaders say their troops are the "most moral" of all the armed forces upon the entire planet – went on a murder spree in the zoo.

They shot down a helpless pregnant camel . . .

They shot down the monkeys . . .

One dear mother monkey tried to hide herself and her baby in a clay pot, but the relentless Israeli savages shot the clay pot to pieces and killed them . . .

They tried to kill the lions – but those wily big cats ran for cover and survived . . .

The poor lions survived the onslaught, but because the zookeepers were afraid to go in there to save them, due to the heavy fighting, the terrified, starving creatures turned on themselves and killed one another . . .

The mass media in America has thoroughly suppressed this story.

Important message continued on next page . . .

The masters of the media want you to believe that Israel is a tiny, defenseless state simply struggling to survive in a sea of enemies.

They want you to believe that Israeli propaganda claim that in army is the "most moral" of all the military forces on the globe.

Well, I'm here to tell you that the ruthless slaughter of the animals in the Gaza Zoo simply demonstrates what Israel is really all about . . .

And I'll one tell you this . . .

If Palestinian Christians or Muslims had slaughtered defenseless animals in an Israeli zoo, it would have been worldwide news, every hour on the hour, with regular updates on CNN . . .

Bill O'Reilly and Sean Hannity and Rush Limbaugh and Glenn Beck and all of the other well-paid entertainers who pose as "newsmen" would be hysterical.

The sad images of the dead animals would be on the covers of *Time* and *Newsweek* and *U.S. News & World Report* and broadcast on ABC, CBS, NBC, Fox, and all of the "independent" cable networks.

Only one newspaper in the United States has reported on this tragedy . . .

Many people have accused AFP of being "anti-Semitic" for daring to report the truth about Israel.

For my own part, I've been attacked by the Anti-Defamation League (ADL) of B'nai B'rith for my various books focusing on the intrigues of Israel . . .

And based on the many letters I've received from readers, I'm ready to make this bet . . . Some of your family and friends have probably accused YOU of being "anti-Semitic" because you've joined AFP in taking on Israel and its lobby in America.

Well, from now on, all of that is about to change . . .

Let me explain . . .

ad slaughtered defenseless animals in
ldwide news, every hour on the hour!

Right now, there's a new government in Israel—run by religious fanatics and hair-trigger—who are already—in its uncertain terms—telling the United States to "Go to Hell."

Israel is saying that if the United States does n't follow Israel's orders and launch war against Iran that Israel will do what it wants.

Israel is threatening the United States that it is prepared to launch war against Iran (and against anybody who stands in Israel's way).

Israeli soldiers fired on these Gaza children. The Nazis are, but these Israeli "moral" soldiers don't seem to survive the children that can and they're not shooting at the ground of the zoo.

But there is good news amidst all this horror . . .

In recent years, a host of respected American political and diplomatic figures—such as former Democratic Senator George McGovern, former Republican Rep. Paul Findley, CIA officers Michael Scheuer and Ray McGovern as well as top-notch academics like Dr. John Mearsheimer and Dr. Stephen Walt—have publicly challenged Israel and its lobby in America . . . And so, to his credit, has former President Jimmy Carter.

These big names are now saying LOUDLY AND PUBLICLY, but WITHOUT FEAR what you and I and AFP have been saying all along . . .

And more and more people, every day, are beginning to see that WE WERE RIGHT.

Here's the bottom line . . .

When your friends and neighbors learn about what Israel did to the animals at the Gaza zoo, they're finally going to understand what you've been talking about for all these years!

You see, while many Americans (including your neighbors) don't react to the human cost of Israel's brutal ventures, *you'll be surprised to see how many people start walking up real fast when they hear about the Gaza Zoo . . .*

Americans LOVE animals and they will be rightly outraged when they hear of how the Israelis slaughtered the innocent caged animals at the Gaza Zoo . . .

Help AFP spread the word about the tragedy in Gaza. Please make a donation to AFP today. You know AFP relies on your support to be able to continuing publishing and that AFP provides you news you can't get anywhere else . . .

If you donate $20 or more, AFP will send you 20 copies of the special "Gaza Zoo" flyer which is enclosed.

If you donate $25 or more, we'll not only send you the 20 copies of the Gaza Zoo flyer, you can also have your choice between *either* of these two great books:

• **NO BEAUTY IN THE BEAST**—by AFP Correspondent Mark Glenn. This is Mark's 320-page masterwork exploring Israel's ugly history and the evil provocations by the Zionist movement; or

• **GUILT BY ASSOCIATION**—by former U.S. Senate counsel Jeff Gates—a shocking, detailed study of how the Israeli Zionist network infiltrated both major political parties in the 2008 election.

If you donate $35 or more, we'll send you the 20 Gaza Zoo flyers and copies of BOTH books FREE!

I hope you'll send in your donation today. Feel free to use the return coupon and envelope enclosed. Or you can charge your donation to Visa or Mastercard by calling toll-free 1-888-699-6397.

Here's me, Miss Piper, as a child with my first dog, Rusty, and my wonderful doggie that raised her in my ho.

And here's me, Miss Piper, as one of the four inductees' dog at the Texas Boxer Hall of Fame. I'm good looking.

Sincerely,

Michael Collins Piper

P.S. I guarantee you this . . . We can rock the Israeli lobby to its core if we get the Gaza Zoo flyer in the hands of as many Americans as possible. So please make your donation of $20 or more to help spread the word!

Israeli Soldiers Slaughter Helpless Animals in the Gaza Zoo

Dozens of caged animals shot at point-blank range

Nobody seems to care about the 1,400 Christian and Muslim men, women and children killed by Israel during its recent invasion of Gaza—but will they care about the innocent caged animals slaughtered by Israeli soldiers at the little zoo in Gaza?

It's a fact: Israeli soldiers rampaged through the little zoo and shot as many innocent caged animals at point blank range as they could.

Why would Israeli soldiers engage in such a senseless act? It's the front page of every major paper and on every major broadcast news network and radio—if there were.

While some defenders of Israel have attempted to suggest that the zoo and its animals were caught in the crossfire during the "fighting" of that time, simply to dismiss this, the evidence demonstrates otherwise.

The sadistic nature of Israel's "moral" troops is clear from the fact that the zoo's zookeepers were afraid to go in there to save the animals because they knew that the Israelis had taken a clear shot at them.

Although the zookeeper was afraid to enter the zoo, he was able to see that the animals had been deliberately—often the result shown in the Israeli attack on the Gaza Zoo came to the fore.

but while the Israelis did not shoot the lions, those little fellows turned on each other in their desperation and starvation after the Israelis had slaughtered so many of the animals that they had no choice but to feed them. The hysterical lions treated each other as Israel—as it treated Gaza and its residents.

The poor lions survived the onslaught, but because the zookeepers were afraid to go in there to save them, due to the heavy fighting, the terrified, starving creatures turned on themselves and killed one another . . .

The mass media in America has thoroughly suppressed this story.

See opposite side for shocking information revealing how America's so-called "ally" Israel has committed terrorist acts against American military forces in the Middle East.

Most Americans don't know it, but Israel has an ugly history of violence and terrorism aimed at AMERICANS . . .

Did you know that on June 8, 1967 three hours after the Israeli military launched a surprise attack on its neighbors, Israeli aircraft and torpedo boats in international waters in the Mediterranean Sea off the coast of Egypt? The Israelis attacked the *Liberty* repeatedly over a period of several hours, killing 34 Americans and wounding 171 others. The Israelis knew that the ship was an American vessel—the Israelis continue to claim, to this day, that took-replicas in the middle of a sunny afternoon. The Israelis flew the flag down the *Liberty* flagpole clearly in the Israelis.

The attack began with rockets and then continued with napalm and machine gun fire. Life rafts were shot full of holes and sunk. Then the torpedo boats raided the decks of the *Liberty* with machine-gun fire as the American sailors tried to extinguish the fires started by the napalm. The *Liberty* was torpedoed not once, but three times (although only one torpedo actually struck the ship), finally leaving the ship dead in the water.

The motive for the Israelis was to destroy the *Liberty* and all of the men aboard in order to end the United States intelligence that "the strike" (that is, the Egyptian) had attacked the U.S. ship. The Israelis staged this attack with the hope that it would draw the United States into the war on Israel's side. Fortunately, the Israelis knew that the attack would fail. Moshe Dayan, Israel's top boss & Johnson deemed the commanders of the Sixth Fleet to prepare for retaliatory action, assuming "the Arabs" were responsible.

When the president learned the Israelis had deliberately attacked the American ship, he called off the alert.

Later, the survivors were told—under the threats of court martial (or worse)—that they were never to speak of the attack. Those who disobeyed (and some have) were given—only wounded) remained silent for 29 years or more, but finally they have begun to speak out. Among them is

Phil Tourney who is co-host of a weekly radio program appearing on Saturdays from 10 am to 12 pm on republican broadcasting.org.

A special full-length report on the attack is to be shown soon at the mini-screen request form; number-size 800-966, 645 Pennsylvania Avenue, SE #103, Washington, DC 20003 or by calling toll-free 1-888-699-6397.

Did you know that on 1954 the government of Egypt was overthrown by a military coup led by officers aligned to Muslim fundamentalism?—and that shortly-weak tensions were caught by the Egyptian authorities after they set off bombs at the USIA (U.S. Information Agency) in Alexandria and Cairo and at a British-owned movie theater? The Egyptian authorities arrested a number of members of the secular Egyptian regime of President Gamal Abdul Nasser and broke up an espionage ring which had been in control from British intelligence. Two were active in Egypt.

According to Israeli historian Shabtai Teveth, the conspirators "had been instructed to create a situation of chaos, to undermine [the] regime by generating public insecurity and activism in bring about arrests, demonstrations, and acts of revenge, while steadily concealing the Israeli factor. The bombs were accordingly staged to avoid detection, so that suspicion would fall on the Muslim Brotherhood, Communists, 'nonpartisan' nationalists—or Soviet and Arab circles."

When the Israeli conspiracy was exposed, a major scandal erupted in Israel and was known as "The Lavon Affair" (after the Israeli official, Pinhas Lavon, who was Israel's defense minister at the time).

This terrorist attack against American interests by the Israelis was the first-ever terrorist attack in the middle East targeting American, and also, it wasn't "the Arabs"—it was America's "ally" Israel who was responsible.

Did you know that in 1953 when the U.S. Marine barracks in Beirut, Lebanon was attacked by terrorists, resulting in the deaths of 239 U.S. servicemen, the Israelis had advance knowledge of the impending attack but failed to inform the U.S. military? Israel's failure to provide American options against the Arab world? The fact of Israel's foreknowledge of the tragedy was first revealed by a former Israeli intelligence officer, Victor Ostrovsky.

Is Israel really our "ally"? Does Israel deserve billions of U.S. foreign aid dollars? Should Americans be fighting Israel's wars in the Middle East? Think about it . . .
